## A DECADE OF PROGRESS

Itawamba Junior College was organized in 1948 by extending the curriculum of Itawamba Agricultural High School to include two years of college work. Much progress has been made at Itawamba Junior College and Agricultural High School over the past ten year period.

In the fall of 1948, our school enrolled approximately 550 high school students and 114 junior college freshmen. Today, the enrollment is approximately 550 high school students and 650 junior college students. In 1948, the campus consisted of 6 buildings. Today the school owns 35 buildings for the convenience of the students and faculty. In 1948, the school owned 99 acres of land. We have consistently added to the property and the school now owns 255 acres. During the past ten years, this institution has raised its assessed valuation from approximately $250,000 to more than $1,250,000.

The Itawamba Junior College and Agricultural High School has consistently raised its academic standards. Both the high school and junior college departments have full accreditation by the state and regional agencies. We are a member of the Southern Association of Secondary Schools and Colleges. The faculty has grown from 20 members to 58 members over the last ten years.

In the spring of 1955, Dr. Jesse P. Bogue, Executive Secretary of the American Association of Junior Colleges, gave the Commencement Address. In his newsletter, he stated that Itawamba Junior College and Agricultural High School is building into one of the best in the state. We feel that this statement is correct. Through the cooperative efforts of the students, faculty, patrons, trustees, and citizens, we have made Itawamba Junior College and Agricultural High School one of the finest institutions in the state.

# Homecoming

Lieutenant Governor Carroll Gartin lauds work at IJC on modern Science Building as he speaks in a dedicatory address to a group of students, alumni, and friends of Itawamba Junior College. He was accompanied by members of the legislature from the supporting counties and by supervisors from the same supporting counties.

New $90,000 modern Science Building is a symbol of progress at IJC.

Queen Sara Evans being crowned by Jackie Prather, Student Body President.

Queen Sara and her court were honored at the Queen's Ball on the night of homecoming. The theme of the dance was STARDUST. The music was supplied by the STARLIGHTERS, IJC dance band.

# November

At the Alumni Banquet following the homecoming football game with ECJC, Dr. Frank Welch, a former IAHS student, then Dean of the School of Agriculture at the University of Kentucky, now a member of the Board of Directors of TVA, was the featured speaker. Mr. Delmus Hardin, alumni president, and President Philip A. Sheffield are at the speaker's table with Dr. Welch.

LET'S LIVE FOR CHRIST

The Religious Emphasis Week speaker for the week of November 2 was Dr. W. C. Fields, Editor of the *Baptist Record*. Dr. Fields lived on the campus for a week counseling with students and enjoying a fellowship hour each evening after the service. The Glee Club and their director, Mr. Trantham, are on the rostrum to provide special music for the morning service.

Above is a snapshot of the annual Faculty Tea given by President and Mrs. Sheffield. Other members of the faculty are in the living room, as Peggy Stone greets someone across the way.

Below is a view of the first fellowship hour following the evening religious service. This fellowship period was enjoyed in the Homemaking Department, with the college as host.

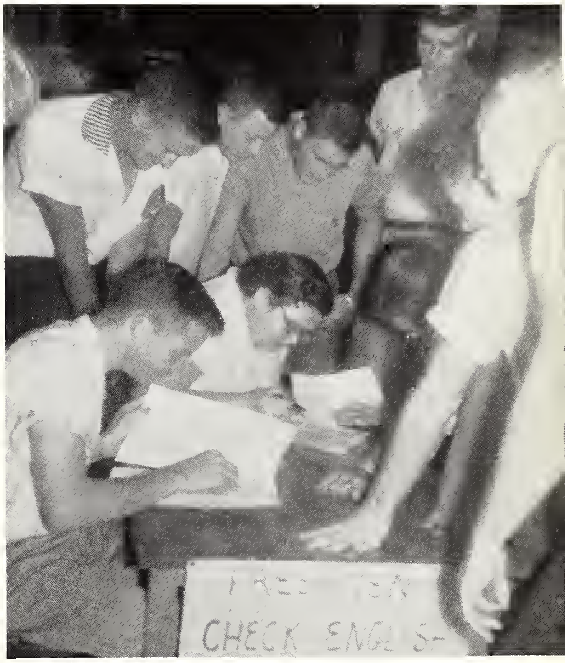
By November, Freshmen learn to spend their free time in the Recreation Hall.

All Freshmen participate in the orientation tests in English and mathematics.



Here Freshmen are checking test scores prior to registration.

Of course, these Sophomores were properly orientated in September of '56. Now they can ignore the whole thing.

However, some Sophomores do take Life seriously.

KENNETH

GLENDA
CROSSWHITE

Miss Itawamba Junior College, Glenda Crosswhite, enjoying one of her favorite pastimes during her leisure moments.

Glenda's charm, friendliness, and intellectual ability have made her one of the most greatly admired students on the campus of IJC. Her participation in the varied life of the college shows her wide interest. During her two years at IJC, Glenda has served on the Student Council, has been an active member of Delta Psi Omega and of the French Club, serving as president of the latter during her sophomer year. She also served on the MIRROR staff for two years, as Editor-in-Chief her sophomore year. Glenda is majoring in Languages and plans to be a translator. With all of these ambitions and accomplishments to her credit, the student body and the faculty have come to depend on Glenda in a number of capacities. The student body showed its appreciation of Glenda in the 1957 Fall elections by selecting her as the girl best qualified to represent Itawamba Junior College by selecting her as Miss IJC of 1957-58.

## MR. ITAWAMBA JUNIOR COLLEGE

Even in his leisure moments, Kenneth Lancaster shows a serious interest in the slide rule, a knowledge of which is essential to the success of a mathematician and a civil engineer. Throughout Kenneth's stay at Itawamba Junior College such seriousness of purpose was always evident. Both student body and faculty came to appreciate his serious, wholehearted interest in his chosen vocation—Civil Engineering. Because of his interest in mathematics and because of his dependability and willingness to make a success of any undertaking, the members of the Mathematics Club chose Ken as their president his sophomore year, after he had become thoroughly familiar with the workings of the club his Freshman year. Ken was also affiliated with the Methodist Student Movement during his stay on IJC campus. The respect which the student body had for Ken was shown when in the 1957 Fall elections they selected him as the young man who best represented the spirit of IJC by naming him Mr. Itawamba Junior College of 1957-58.

SARAH CROCKETT

These four sophomores of the class of 1958 at Itawamba Junior College, because of their attitudes, their participation in college life, their personal qualities, and their academic achievements, were selected as the four best qualified to be entered in the IJC Hall of Fame, an honor which was offered by the MIRROR staff for the first time in 1957. At the request of the 1957 staff this honor has been made a permanent one, open to not more than four sophomores each year.

IJC baseball squad, under the direction of J. S. Crubaugh, better known by his squad as "Dean," who has coached the baseball team each season since the beginning of that sport at the junior college, loses many of its '57 players.

The accomplishment of each year's team under "Dean" has been praiseworthy. Each year the team aspires to win the state playoff. Perhaps this spring, '58, there will be an "all out" by the team that will bag that long envied honor.

You know him well: his ease of manner is heartwarming, his strength of character is inspirational. By the application of individual interest in his students, he guides rather than directs them to serious thought and study. He is always ready for a friendly chat; or, when necessary, to say, "Now, this is the score." To show our appreciation to him, we are proud to dedicate the 1958 high school edition of The Mirror to our own principal, ARCHIE V. WEATHERFORD.
